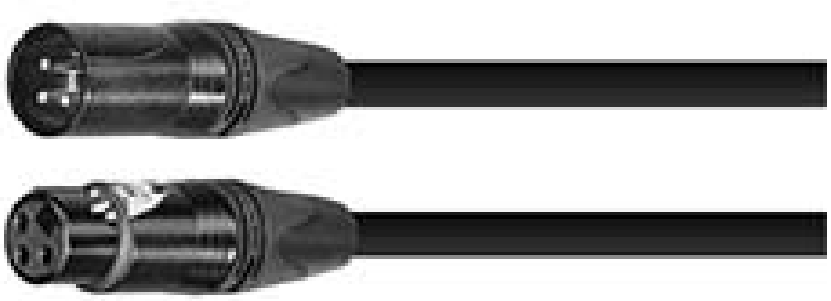
CDMX5125NSR

DMX512N cable 25m XLR 5-pin male-female Seetronic shielded professional lighting grey

DESCRIPTION

25 m DMX512N cable with male and female 5-pin XLR Seetronic connectors, ensuring reliable DMX512 signal transmission for professional lighting. Its effective shielding minimizes interference in industrial environments, suitable for demanding stage and event installations.



ADVANTAGES

- Reliable transmission of DMX512 signals for professional lighting
- Seetronic 5-pin male and female XLR connectors for standard compatibility
- Effective shielding reducing interference in industrial environments
- 25 m length suitable for stage and event installations
