ECP2808R

8-Channel POEC Receiver

DESCRIPTION

Master 8-port for POEC solutions, the ECP2808R is an all-in-one hybrid switch designed for flexible integration and durability in industrial environments. It ensures secure power and data distribution, suitable for standardized projects and demanding hybrid network infrastructures.

ADVANTAGES

- Secure distribution of power and data in industrial environments
- Flexible integration for standardized projects and hybrid infrastructures
- Robust design ensuring durability in demanding environments
- Suitable for networks requiring reliable and secure transmission
