SEPT13K

Electrical hydraulic pumps

Series: SEPT13

{{Label-NetworkType}}Network Type: [%NetworkTypeFR%]
{{Label-NetworkType}}

Single acting cordless battery electrohydraulic pump for cutting, crimping and rounding using connectable tools from 50 to 250kN. A 2 ways wire remote control enables full action on this unit (advance, hold and retract). This tool builds pressure and stops when preset pressure is reached. This pump can operate with 1 or 2 batteries.
