ABOUT CROUZET

Crouzet is an independent company manufacturing mechatronic components for demanding applications in Aerospace & Transportation, Energy, Building and Machinery Industry.

Crouzet provides Switches and Sensors, Electromechanical Actuators, Electrical Protection Equipment, Cockpit Controls, Automation Controllers and Relays, and Instrumentation Services.

Since 1921, Crouzet has a heritage of close collaboration with customers in the development of products, from standard components to fully customized solutions.

Crouzet's customers and partners can rely on our teams worldwide to always meet and often exceed their expectations. Driven by innovation, our experts are focused on designing and delivering the right product for the right application.

Crouzet is your trusted partner of choice to face industrial challenges of today and tomorrow.

ACCESSORIES & OPTIONS

- > Brakes from 0.25 to 4.5 N.m⁽¹⁾
- > Encoders from 1 to 1000 Pulses per Revolution⁽²⁾
- > Special connectors
- > Special output shafts (design and/or material)
- > Others : on demand
- (1) Except Industrial Brush Ø32, Synchronous and Stepper ranges ⁽²⁾ Industrial Brush and DCmind Brush ranges only

ADAPTED PRODUCTS

To meet your expectations, Crouzet offers you custom products matching your requirements, in the following areas:

- > Control electronics

- → Gearboxes

15

100+ years of customization, adaptation & co-design expertise at your service

To meet market expectations and provide customers with the right solutions within the shortest timeframes, Crouzet has structured all company processes around the different types of product: standard products, adapted products or products specially developed for a customer. Introducing the adaptation wheel...

ACTUAL EXAMPLES

Brushless motor with integrated electronics for Access Control in public transportation applications:

- Autonomous torque, speed and position control
- > Specific firmware with integrated emergency mode
- > Reinforced gearbox
- > CANopen communication
- High resistance against vandalism

Gear pump equipped with a brushless motor:

- > Rotor with leak tight seal
- > Application-specific electronics
- > Shortened motor

Releasable linear actuator for gas boilers equipped with a stepper motor:

- Gas flow adjustment
- > Automatic closing in the event of a power failure
- > Gas-tightness measured on the production line
