StealthMounts

Air Tool Mounts

5 Pack

Compatible with 1/4 Inch male air tool fittings

StealthMounts Air Tool Mount are suitable for most air tools with a 1/4 inch male fitting. The locking pneumatic Tool Holders can mount several air tools in a line to keep your tools neatly organised. The StealthMounts Air Tool Mounts work under shelving allowing tools to hang below a work bench. Our locking Pneumatic Tool Holders come in a pack of 5. StealthMounts Air Tool Mounts use a Snap Fit technique which are perfect for your workshop or garage. Simply slide your air tool onto the Air Tool Holder until you hear a click. Once the tool has been locked safely in the dock, it won't fall out. Our StealthMounts Air Tool Mount fits all 1/4 inch connect plugs: Milton (M) and (I/M), High Flow (V), Lincoln (L), Tru-Flate (T) and SRO (A). They can be stacked to fit longer quick connect plugs. Made in Great Britain our StealthMounts Air Tool Mount are made with extremely durable injection moulded ABS plastic with countersunk screw holes to allow for firm mounting.

- **Protect your air tools by keeping them up and out of the way using the snap fit system.**
- **Perfect addition to your garage or workshop**
- **Made in Great Britain**
- **Made using strong injection moulded ABS plastic**
- **Easy to use one handed removal**
- **Easy installation**
