ADVICE & IMPORTANT INFORMATION!

LEDs will become warm/hot when switched on; do not touch and never place LEDs face down on any surface – risk of fire!
Do not look directly at the LED. Do not operate in direct sunlight or extreme temperature conditions (below -20°C or above 60°C).
Do not use the device if there is any visible damage to the housing, charge port or cable. Take care when using a USB plug adaptor, check for any damage. DO NOT exceed 5V 3A charging input or damage may occur to the battery.
The rechargeable battery will reach full performance after a few complete charging and discharging cycles.
To keep the rechargeable battery in optimum condition, it should be recharged every 3-6 months, especially if it is not being used for a long period of time. Always fully charge batteries before storage.
Always protect batteries from heat, intense sunlight, fire, water and moisture – danger of explosion!
If a battery is damaged, fluids can leak out. AVOID contact as this can lead to skin irritation and/or burns. If skin contact occurs, rinse thoroughly with water. If irritation persists, seek medical assistance. Seek immediate medical assistance if lithium battery fluid comes into contact with the eyes.
Children under 12 years of age should only use the product under adult supervision.
Do not open, disassemble or attempt to modify the product; this will void the warranty and can be dangerous. Improper use or modification is not covered under the warranty.
Take care not to let the lenses come into contact with hard/sharp objects, damage/scratches to the lenses will affect light output.
This product is water resistant to IPX5 – DO NOT SUBMERGE. If the product has been subjected to excessive moisture/water the warranty may be void.
This product has a 1 year standard warranty (or extended to 2 years once registered online at WWW.UNILITE.CO.UK) against manufacturing faults and defects. It does not cover normal wear and tear, modifications, accidental damage or poor maintenance. Unilite warranties do not cover battery leaks or the use of incorrect chargers and cables that can damage batteries.
Do not dispose of this device in normal household waste. It must be disposed of via an authorised electrical appliance disposal centre or at your local waste disposal unit.
Please re-use or recycle packaging where possible.
Keep these instructions for future reference or for subsequent possessors.
