

DP4300H and DP4600H Thermal Transfer Desktop Printers

The DP4300H and DP4600H Thermal Transfer Desktop Printers produce high-quality print-on-demand labels for a wide range of applications for electrical and network infrastructure. These high-volume printers are ideal for OEM, MRO, Construction, Data Center, and Enterprise labeling.

Quickly create self-laminating labels, heat shrink labels, and marker plates for wire and cable marking. Easily print raised panel labels, electrical component

labels, network component labels, arc flash labels, and safety signs for equipment and facility identification.

KEY FEATURES AND BENEFITS

High volume printing:	Rugged, durable design for printing in all environments
Fast label production:	Up to 11.8 inches per second print speed
Up to 600 dots per inch (dpi) print resolution:	Superior print quality for all type of labels
Large color touchscreen display:	Easy to use screen with intuitive interface
Quick and easy loading of label and ribbon media:	Minimize setup time to switch label and ribbon rolls, maximize uptime
Easy-Mark Plus [™] Labeling Software included with printer:	No additional investment for labeling software, print right out of the box
USB, ethernet, and serial connectivity:	Increased flexibility to quickly connect to any computer

DP4300HD Two-Sided Thermal Transfer Desktop Printer

The DP4300HD Two-Sided Thermal Transfer Desktop Printer enables printing on both sides of two-side printable labels at the same time. This functionality saves 50% of the time required to print on both sides compared to using a single-sided printer.

The DP4300HD printer produces high-quality print-on-demand labels for wire and cable marking applications using Panduit Two-Sided Heat Shrink Labels. This solution is ideal for labeling in OEM, MRO, and Construction. With the included Panduit Easy-Mark Plus™ Labeling Software, designing and printing labels is quick and easy.

Panduit offers a wide range of compatible labeling options, including Military Grade Two-Sided Heat Shrink Labels, Halogen-Free Two-Sided Heat Shrink Labels, and continuous heat shrink label material.

KEY FEATURES AND BENEFITS

Rugged, durable design:	Ideal printer for high volume labeling applications, industrial production, and harsh environments
Print two-sided heat shrink labels in one pass:	Maximize printing efficiency, cut printing time for two-sided labels by 50%
300 dots per inch (dpi) print resolution:	Provides crisp, clear, legible print for best label appearance
Large color touchscreen display:	Easy to use screen with intuitive interface
Quick and easy loading of label and ribbon media:	Minimize setup time to switch label and ribbon rolls, maximize uptime
Easy-Mark Plus [™] labeling software included with printer:	No additional investment for labeling software, print right out of the box
