

Power Distribution Units

Security and Environmental
Monitoring Solutions with
Panduit® EL2P PDU Solution

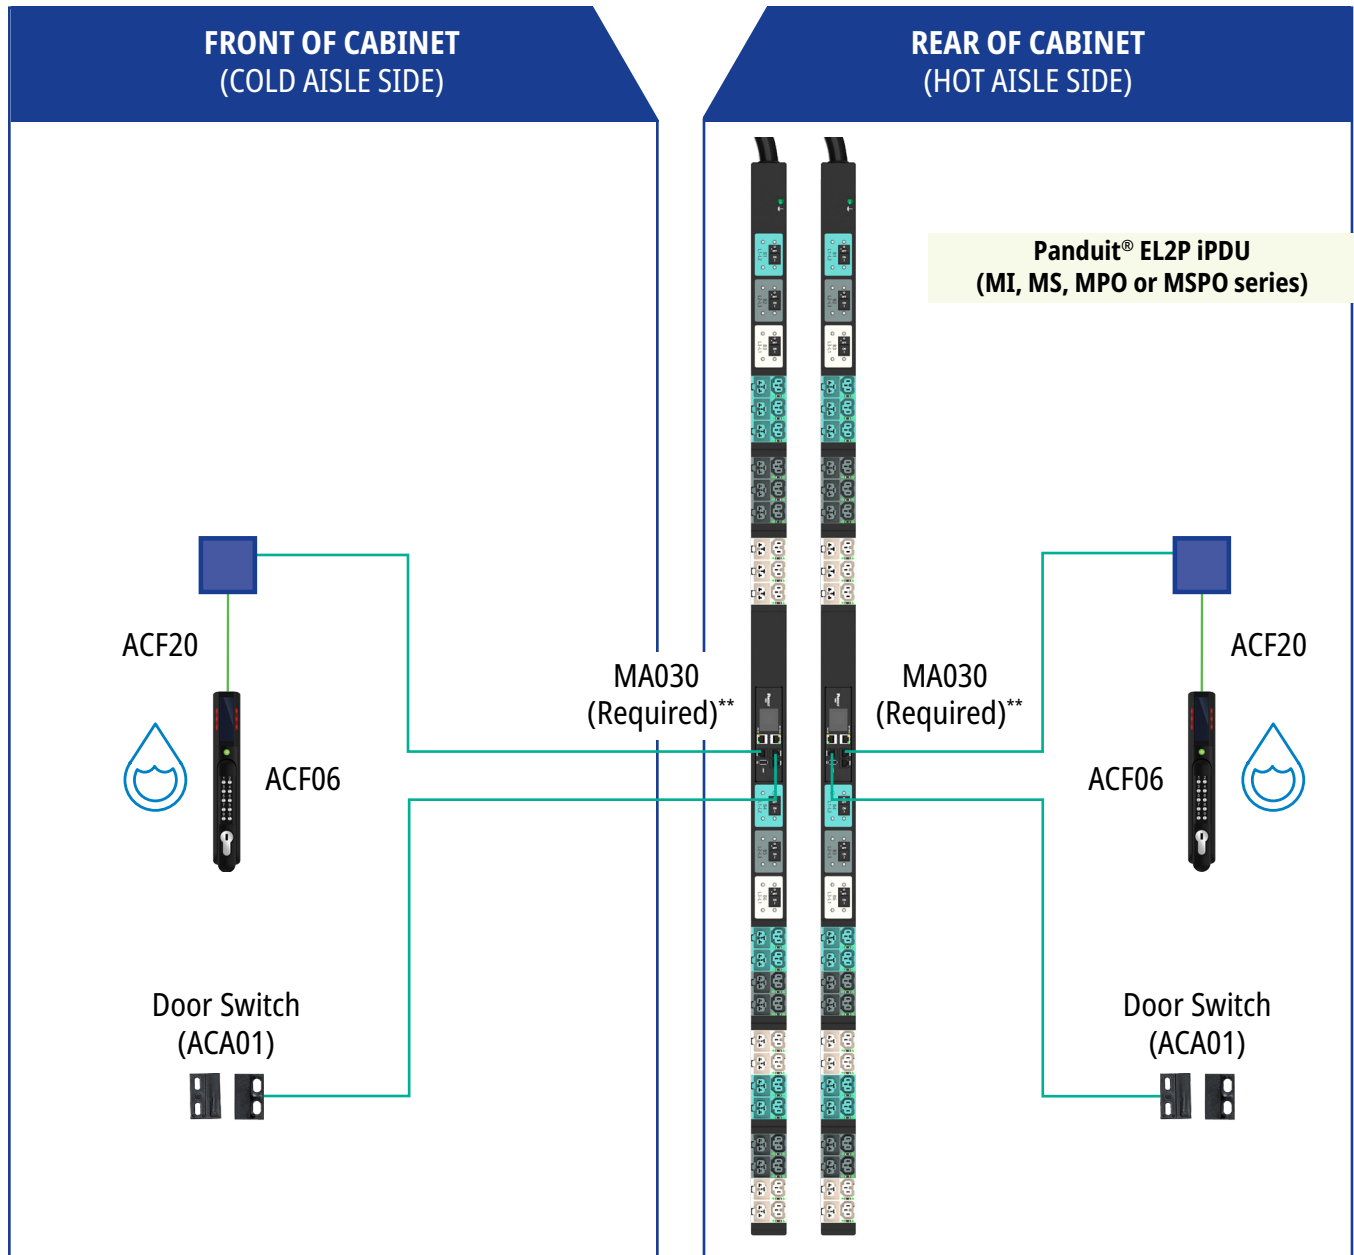

- ▶ Best-in-Class Security
- ▶ Intuitive Touch Screen
- ▶ Rack Access Control

PANDUIT™

Security Solution

- iPDUs (Intelligent PDU series: Monitored Input, Monitored per Outlet, Monitored & Switched and Monitored & Switched per Outlet)
- Security handle with dual frequency card reader and keypad enabling dual authentication (**ACF06**)
- Cable harness (**ACF20**) that connects the security handle to the EL2P iPDU
- Extension cord (**MA030**) and coupler enabling cabinet door removal via quick disconnect
- Recommend using **ACA01** door contact sensor to enable physical sensing of door position

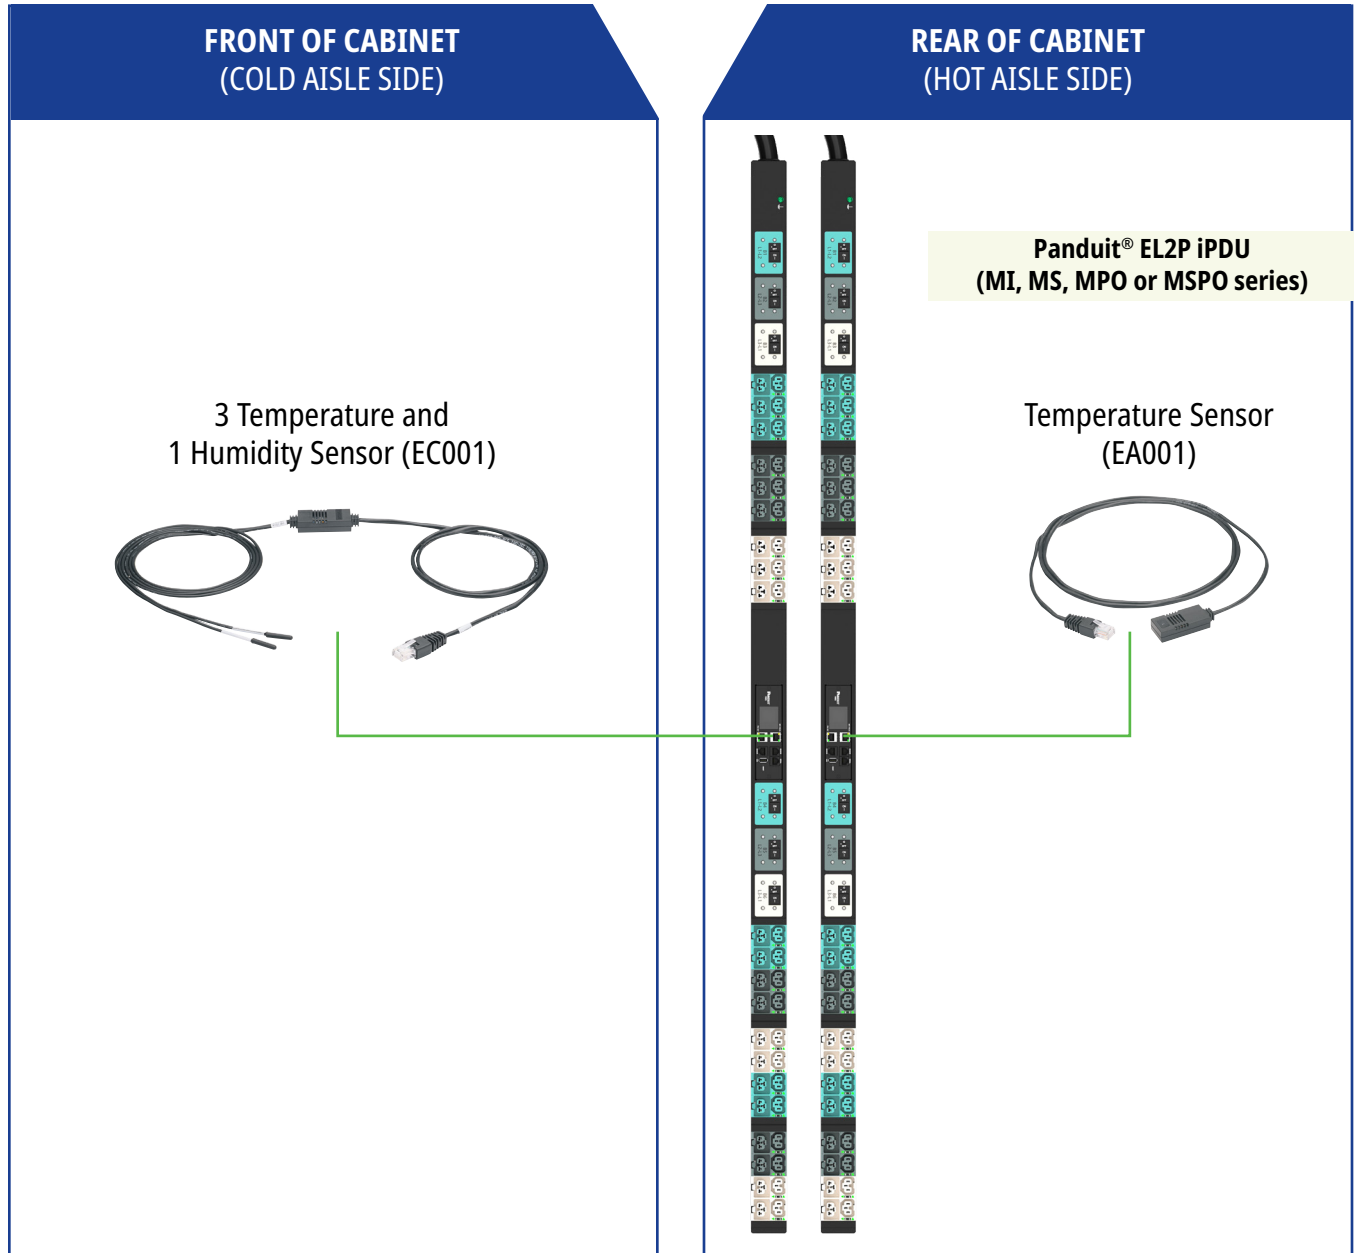

*A maximum of 200 HID Cards can be managed

**The MA030 features a coupler to optimize door removal and is 10 ft. (3m) in length. The MA030 is required to prevent damage to the smart handle.

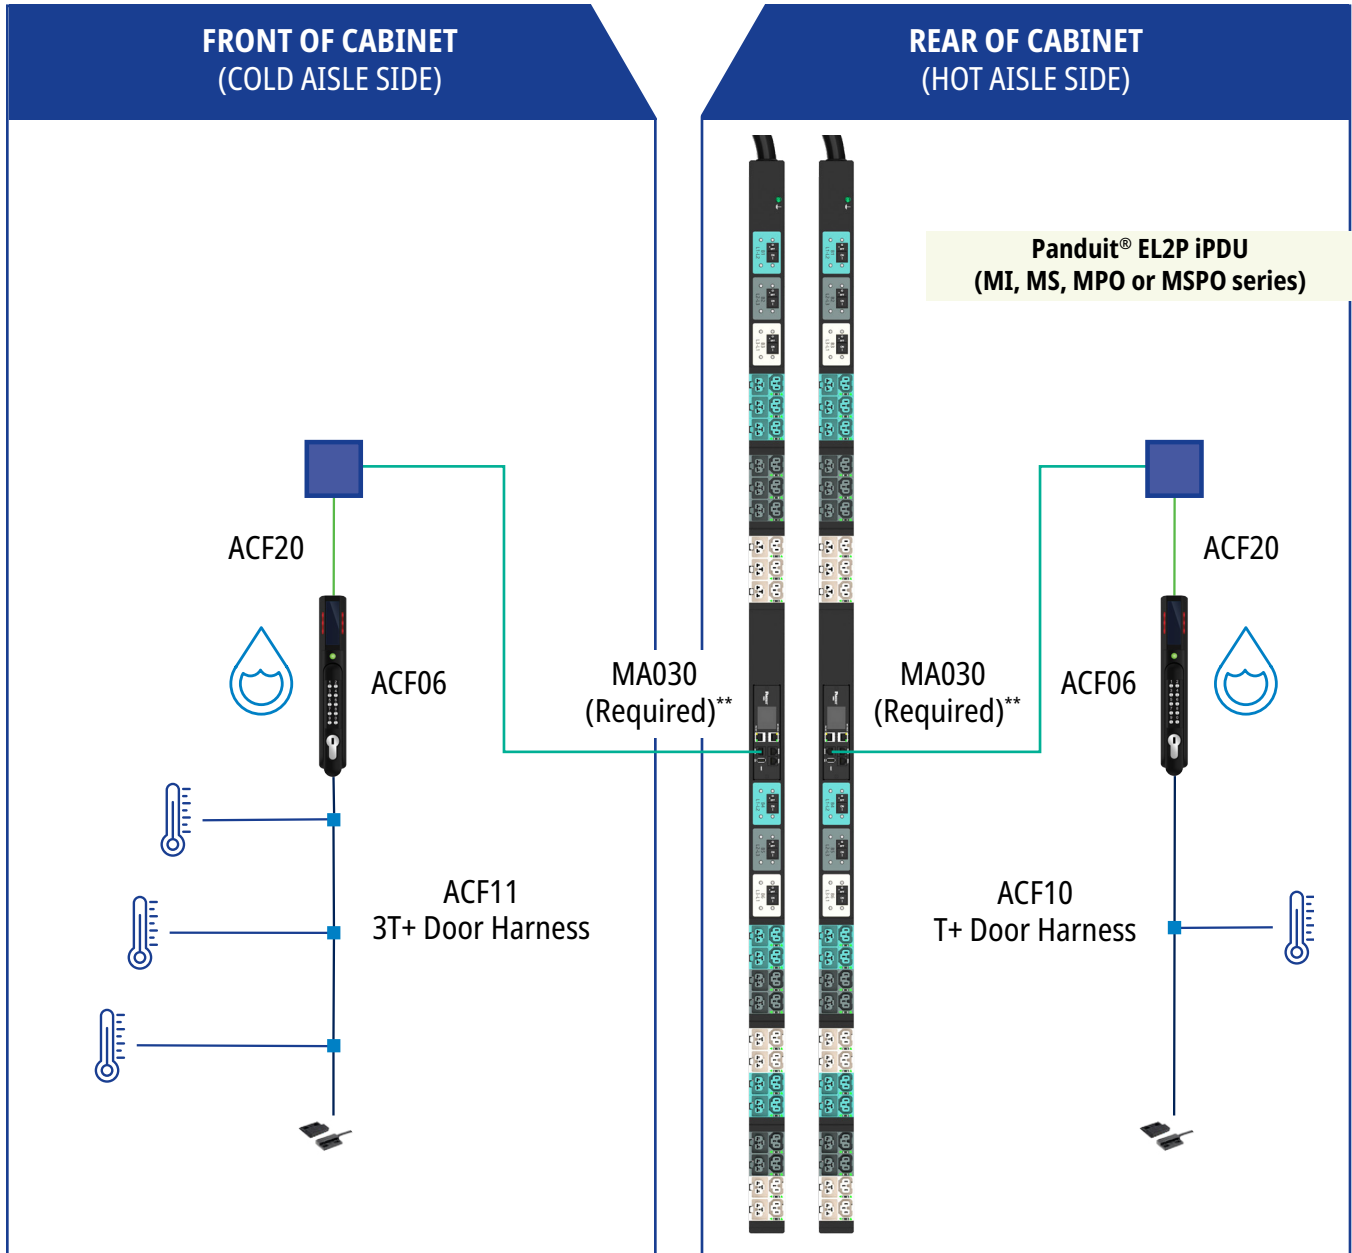

Environmental Solution

- iPDUs (Intelligent PDU series: Monitored Input, Monitored per Outlet, Monitored & Switched and Monitored & Switched per Outlet)
- 3-Way temperature & humidity sensor (**EC001**), in the front door
- Temperature sensor (**EA001**), in the rear door

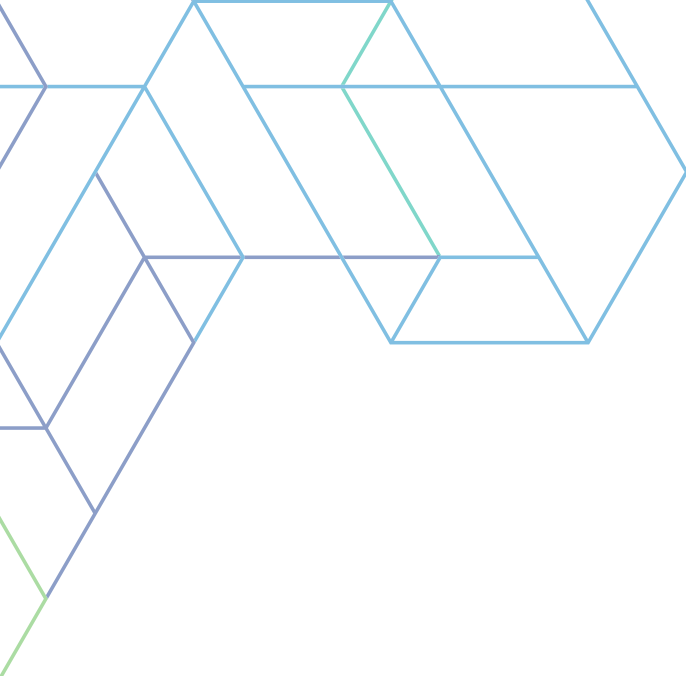

Security and Environmental Solution

- iPDUs (Intelligent PDU series: Monitored Input, Monitored per Outlet, Monitored & Switched and Monitored & Switched per Outlet)
- Security handle with dual frequency card reader and keypad enabling dual authentication (**ACF06**)
- Cable harness (**ACF20**) that connects the G6 security handle to the EL2P iPDU
- Extension cord (**MA030**) and coupler enabling cabinet door removal via quick disconnect
- Recommend using **ACA01** door contact sensor to enable physical sensing of door position

*A maximum of 200 HID Cards can be managed

**The MA030 features a coupler to optimize door removal and is 10 ft. (3m) in length. The MA030 is required to prevent damage to the smart handle.
