OPTIX R 4 CELLS 8,5W 962lm 830 ALU DALI

2021689

Caractéristiques de la gamme

- Luminaire encastré permettant de compléter des projets réalisés avec les autres luminaires de la gamme Optix. Idéal pour des espaces restreints tels que des petites pièces ou des circulations. Optiques à réflecteurs aluminisés très basse luminance. Dimmable DALI, compatible bouton poussoir. Température de couleur 3000K. IRC>80. Consistance des couleurs SDCM<3. Flux lumineux 962 lm. Puissance consommée 8,5W. Efficacité lumineuse 113 lm/W. Faible éblouissement UGR<18. Très faible scintillement <5%. IP20, IK07. Classe I. Durée de vie 96 ...

CIBSE TM66

Result					
Category	Points Scored	Maximum possible points	Assessment	How to analyse the score	
Product design	76	134.0	2.3	0.0 to 0.5	Very poor circular economy performance
Manufacturing	23.4	46.5	2	0.5 to 1.5	Some circular economy functionality
Materials	7	24.0	1.2	1.5 to 2.5	Definite/substantial progress to circularity
Ecosystem	21	43.0	2	2.5 to 4.0	Excellent circularity
Overall performance	127.4	247.5	1.88		

Technical Memorandum (TM) 66 describes a Circular Economy's main aims, how it can be achieved and what its practice will mean to the different branches of our industry like specifiers, manufacturers, contractors, and Facilities Managers.

The Circular Economy Assessment Method for Manufacturing (CEAM-Make)'s list of 66 searching questions, the majority of which ask for back-up evidence, is split into four sections :

- Product Design : Covering topics such as design for long life and repair
- Manufacturing : Additive and subtractive techniques and localisation
- Materials : Usage of recyclable materials rather than virgin
- Ecosystem : Repair or upgrade services to complement circular economy design

The outcome of the assessment is a single figure rating by which product comparisons can be made. A TM66 score demonstrates a product's performance in the context of a Circular Economy

CIBSE (2021) Circular Economy Assessment Method - Make TM66 Digital Tool beta version 22nd October 2021 (London : Chartered Institution of Building Services Engineers)
