

## PRODUCT-DETAILS

# 1724-182K

## 1724-182K 4gang(s) ivory white Horizontal mounting - future linear

### Informations générales

|                              |                                                                    |
|------------------------------|--------------------------------------------------------------------|
| Extension du type de produit | 1724-182K                                                          |
| Code de produit              | 2CKA001754A4233                                                    |
| EAN                          | 4011395050736                                                      |
| Description courte           | 1724-182K 4gang(s) ivory white Horizontal mounting - future linear |
| Description longue           | With small corner radii for trunking systems.                      |

### Technique

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Number of Gangs      | 4                                                          |
| Design Range         | future linear                                              |
| Type de montage      | Flush Mounted                                              |
| Type of Fastening    | Clamp                                                      |
| Sens de montage      | Horizontal<br>Vertical                                     |
| Finition de surface  | Surface protection: Untreated<br>Surface finishing: Glossy |
| Matériau             | Material quality: Thermoplastic<br>Material: Plastic       |
| Label Space Provided | No                                                         |
| RAL Number           | RAL 1013 - Blanc perlé                                     |
| Couleur              | ivory white                                                |
