

# nVent CADDY Macrofix Insulated M8/M10

## FEATURES GUIDE

### DURABILITY FEATURES

Plastic washer prevents screws from falling out during installation

### EASE OF INSTALL FEATURES

Longer ears position the screw farther from the hanger, improving tool clearance when the screw is driven down

### VERSATILITY FEATURES

Combination nut can be attached to M8 or M10 threaded rod, simplifying material handling

Return-lip on the hanger prevents the rubber from detaching, eliminating rework during installation

Screw length has been optimized to accommodate an increased pipe range, reducing inventory

Combo head bolt works with slotted, hex, or Phillips drivers
