

ITS100

POE Tester

DESCRIPTION

POEC cable tester, the ITS100 accurately measures available power in watts and electrical resistance. Compact, robust, and easy to use, it enables quick on-site diagnostics. Designed for intensive professional use, it ensures compliance and performance of POEC cabling installations.

ADVANTAGES

- Precise measurement of available power in watts and electrical resistance
- Robust design suited for intensive professional use
- Compact and easy to use for quick on-site diagnostics
- Ensures compliance and performance of POEC installations
