

Ref. 9664 MDS DIRECT DISPLAY CRYSTAL COVER

DESCRIPTION

Viewer (crystal) of spare parts for the MDS Direct Display module of City Classic.

On the front of the display is placed this concave plate (viewer) of Makrolon with printing and design according to the display. The front of the display is the part that is in contact with the outside and it could be damaged. Through this part the display is protected.

City Classic is the "continuous profile" outdoor panel line for buildings.

The PANELS are manufactured in anodized aluminum, highly resistant to rough weather and climate changes.

The panel design stands out for its curved-convex profile. A cellular rubber airtight seal included assures a perfect panel-to-wall fit to prevent water filtrations.

Available in several colours: aluminum, golden or bronze and white.
