The KD8 series 2-wire modular door station is designed with stainless steel, whose appearance is simple and texture is great, which helps to provide a safety environment with high resolution image by high resolution camera. According to different scenarios, you can choose different sub modules to extend the device functions, such as display module, signing module, button module, card presenting module, etc., which is suitable for intercom and access control requirements. You can also choose different Hikvision's brackets, satisfying different installation methods, such surface mounting, flush mounting, etc. The device can also power up to 2 door locks directly, which is safe and easy for installation and deployment. It is suitable for the scenarios of apartment, office, construction site, etc.

- 2-Wire main unit of modular door station

- 2 MP fisheye camera with IR supplement

- One call physical button for easier calls

- Two-lock control

- IP65 protection level

- Convenient configuration via Web remotely

- Directly provide 12 V, 500 mA power output for one electronic lock without additional power supply

- Stainless Steel high quality material
