

The WAGO Power Plant Control Library is a library with a control algorithm for the active and/or reactive power of power generation plants.

The control algorithm required by the grid operator for managing active and/or reactive power, along with the associated setpoint specifications, can be adapted during operation. This adaptation can be achieved through telecontrol technology in accordance with IEC 60870. The controller compares the specified setpoint values with the actual values measured at the network connection point and provides the calculated correction variables for the energy generation plant.

The CODESYS 3.5 library can be used with firmware version 23 and higher on PFC200 Controllers (from FW 23), Compact Controller 100 (from FW 23), Edge Controller (from FW 24), Touch Panel 600 (from FW 24) and PFC300 Controller (from FW 28). It is certified according to VDE-AR-N 4110, 4120 or 4130.

The library can be used for a 30-day trial period at no cost, after which a license for the specific controller is required. The license can be separately purchased under Item Number 2759-2035/211-1000.

Certification available for:
Germany (VDE-AR-N 4110:2023-09; VDE-AR-N 4120:2018-11; VDE-AR-N 4130:2018-11)
Poland

Données du logiciel	
Appareils supportés	PFC200 Controller; 2nd Generation PFC300 Controller Compact Controller 100 Edge Controller Touch Panel 600
Livraison	
Type de licence	Einzellizenz mit der Funktion Frequenzreserve
Type de livraison	Certificat de licence par e-mail
Remarque Type de licence	Une licence unique permet l'installation sur un contrôleur. Chaque contrôleur nécessite une li- cense.
Remarque Type de licence (2)	Pour l'activation de la licence, une connexion Internet peut-être nécessaire.
Génération de licence	DRM

Données commerciales	
Unité d'emb. (SUE)	1 pce(s)
Type d'emballage	pas de données
GTIN	4066966752670
Numéro du tarif douanier	88888888888

Product Classification	
UNSPSC	43232402
ECCN	NO US CLASSIFICATION

Conformité environnementale du produit	
État de conformité RoHS	Compliant,No Exemption
